

This week, we will learn about organic molecules and interactions between molecules and ions of all kinds. These interactions are known as intermolecular forces.

Action Items

Unless otherwise stated, all action items are due Sunday by 11:59pm Eastern Time.

- [Readings](#) : Chapter 10.1-10.3; Chapter 11.1-11.5
- [Week 8 Homework](#) (you can skip Q9)
- Exam 2 Corrections (optional, but completing them will only improve your grade)
- Quiz 6 (opens Thursday, due next Wednesday). Complete this AFTER your homework is done.

Optional Study Resources

- [Problem Set: Isomers and Functional Groups](#) ([Key](#))
- [Problem Set: IMF](#) ([Key](#))
